Netherlands army headquarters said so far six Dutch soldlers have been killed and eight wounied, in both Java and Sumatra. Three Dutch were wounded in the Jogiakarta seige, the report said.

A Dutch communique said virtually all the high Republican leaders were in Netherlands custody. Among those taken were Dr. Soekarno, president of the Republic, Premier Mohammed Hatta, Foreign Minister Agus Salim, former

Worth Seeking Airline Highway A delegation including Navarro, Limestone and Leon county officials and interested citizens appeared before the Texas Highway Commission in Fort Worth Thursday afternoon in the interest of the Airline Highway Association. Special County Judge Joe D. Huffstutler of Navarro county, secretary of the highway association, said that considerable work remains to be done before the Airline Highway, proposed from Fort Worth to Mexia en route to Houston, becomes a reality. There is a gap between Venus and Italy and from Frost to Dawson and thence to Mexia not officially designated at the present time. In addition to opening the large

Seriously Hurt
When Hit By Car
Willie Earl Arnold of Richland
suffered severe injuries Friday
night shortly before 10 o'clock when
he was struck by an automobile on
highway 14 south of Richland.
Arnold was rushed to P. and S.
Hospital in a private car. He renortedly had gotten off the highway into a ditch and was standing on the highway attempting to
flag down an automobile for help
when the accident occurred.
His condition was not critical.
He sustained a compound fracture
of the right leg and head lacerations. Arnold was transferred the
the veteran's hospital at Temple
Saturday.

Taking this power away from Navarro County. Court is illegal, Simking contends, because the lawmakers failed to comply with the
constitution by not giving proper
nctice of their intentions to the
citizens of Navarro County.

Simkins termed the "purported
act" of the legislature as being
"clearly vold, ineffective and without constitutional existence."

The court, presided over by
Judge Stout because Judge A. P.
Mays was disqualified by law, was
asked to hold that the Navarro
district court "never did acquire

and hold jurisdiction"

Questions Jurisdiction

Judge Stout also was asked to
declare the \$406.23 judgment against

Saturday.

Representing the First National

the plaintiff.

### Suit To Restore County Court Rule Considered

Says Act Illegal
Section 16, article 5 of the state
constitution says the county courts
shall have jurisdiction in civil matters which concern more than \$200 and less than \$500. The act taking this power away from Na-yarro County Court is illegal, Sim-

the plaintiff.
The two attorneys opposing Simkins contended the district court does have jurisdiction, that the legislative act is "not a local or special law." Judge Stout's ruling — which

ould have far-reaching conse-ouences—was expected early next week. And a future review of the case by the Texas Supreme Court appeared probable.

### BOYLE'S Column

NEW YORK—(F)—Jose Ferrer, the most envied actor on Broadway today, has a simple professional ambition.

"My goal in the theater," he said, "is to get out of the theater."

This attitude would be easily understandable in one who hall flopped. It sounded odd coming from a man who only last month got the finest accolade from critics of any other actor since John Bare

"The average actor is less likely to be neuortic than any other kind of artist. It's easier for him to express himself, and, of course, he gets to hear the applause."

At present Ferrer appears in no imminent danger of starvation. He can stand on 47th and Broadway and see his name in lights over two productions—his dramatic play and the movie "Joan of Arc."
